[Using Spaces with Specialized Services at King Library](#)

The AI Center for Civic and Social Good serves San José State University (SJSU), San José Public Library (SJPL), and the broader San José community as a shared space for learning, collaboration, and access to artificial intelligence and related technologies.

Through instruction, hands-on experiences, exhibitions, and public programs, the AI Center supports responsible innovation and equitable access to artificial intelligence for civic and social good.

These guidelines are organized to help users understand eligibility, access hours, reservations, technology use, and conduct expectations. We encourage all users to review them before reserving the space or using the AI Center during walk-in hours.

We appreciate your partnership in helping us maintain a collaborative, innovative, and welcoming environment.

1. Mission of the AI Center

The mission of the AI Center is to:

- Provide equitable access to artificial intelligence and emerging AI technologies
- Promote the safe, responsible, and ethical use of AI
- Reduce barriers to learning and using artificial intelligence
- Foster collaboration that advances civic and social good through AI

All programs, events, and activities in the AI Center are expected to support this mission and remain centered on artificial intelligence.

2. About the AI Center

The AI Center provides a collaborative, staffed environment that supports:

- AI-focused research, teaching, and learning
- Hands-on artificial intelligence projects and applications
- Civic and community engagement supported by AI
- Public education, training, and demonstrations

The Center supports this work through shared spaces, specialized hardware and software, and staff expertise.

Location

Room 125, First Floor

Dr. Martin Luther King, Jr. Library

150 E. San Fernando Street

San José, CA

3. Use of the Space

In support of its mission, the AI Center is designed for the following primary uses:

Open Workspace (walk-in)

Open workspace use supports individual and small-group experimentation, project development, and exploration of AI tools and platforms.

Skillbuilding and Programs (by reservation)

Skillbuilding activities include workshops, training, instructional sessions, and partner-led programs coordinated with Library staff.

Special Events (by reservation)

Special events include approved demonstrations, exhibitions, showcases, and public programs that align with the Center's mission.

All activities must align with approved use policies.

If you are unsure whether your activity is appropriate for the AI Center, please consult reservation staff (*See section 24*) before submitting a request.

4. Space Access

The AI Center operates under two primary access modes: walk-in use and reserved use. Access hours and permitted activities vary based on staffing, scheduled programs, and space availability.

Current schedules are posted on the Library website and at the AI Center service desk.

Final determinations regarding access, scheduling, and equipment use rest with on-duty AI Center staff.

Access Hours

Access is provided during designated walk-in and reserved periods.

- Walk-in hours support independent and small-group use
- Reserved hours support approved programs and events
- Hours may vary by semester, staffing levels, and special programming

Walk-in hours:

- Monday - Tuesday: 9:00am - 1:00pm
- Wednesday - Thursday: 2:00pm - 6:00pm
- Friday: 9:00am - 5:00pm

Event reservation hours:

- Monday - Tuesday: 2:00pm - 5:00pm
- Wednesday - Thursday: 9:00am - 1:00pm

Seasonal and special-session schedules are posted as needed.

Walk-In Use

Walk-in use is intended for independent and small-group AI work during designated hours.

To use the AI Center during walk-in periods, users must:

- Sign in at the front desk using valid SJSU or SJPL credentials
- Receive staff confirmation before accessing equipment

Walk-in use:

- Is first-come, first-served
- Depends on staffing and equipment availability
- Does not guarantee immediate access to all devices

Appropriate walk-in activities include individual projects, tool exploration, short-term experimentation, and informal collaboration.

During walk-in hours, users may not:

- Use large display screens or presentation systems
- Conduct organized programs
- Reconfigure the space

Reserved Use

Reserved use is required for structured programs, training, and group activities that require guaranteed access or specialized resources.

Appropriate reserved uses include:

- Workshops and training sessions
- Public programs and demonstrations
- Group instruction
- Events requiring audio-visual support

To reserve the space:

- Submit a request through the [Library reservation system](#)
- Receive administrative approval
- Communicate technical and setup needs in advance
- Ensure the approved requestor is present

All reservation approvals are subject to final review by Library administration.

Reserved activities receive priority and include access to event display systems and dedicated support when required.

Priority and Transitions

Reserved activities take priority over walk-in use.

Walk-in users must conclude sessions and return equipment prior to the start of scheduled programs. Staff will provide advance notice when possible.

5. Eligibility and Affiliation

Access is limited to users with:

- An active [SJSU Tower Card](#), or

- An active full-access [SJPL library card](#)

Guest access is not permitted.

Users must present a valid SJSU Tower Card or full access SJPL library card and log in using the card number and password. Verification is completed with AI Center staff during walk-in hours and with reservation staff for reservations.

6. Reservations and Scheduling

Reservations must be submitted through the [Library reservation system](#).

Requests must be submitted at least two weeks in advance. Typical response time is two to three business days. Confirmation is required before use.

The individual submitting a reservation is responsible for ensuring that all participants comply with AI Center policies.

Room tours, system testing, and technical demonstrations must be scheduled in advance.

General meeting supplies are not provided unless approved, including poster boards, office supplies (e.g., pens, markers, highlighters), and whiteboards.

Laptop Accountability for Reserved Events

For events utilizing AI Center laptops, the individual submitting the reservation is responsible for ensuring that all laptops issued for the event are collected, returned, and verified with AI Center reservation staff before the event concludes.

All laptops must be returned to the laptop cabinet and placed in their proper labeled and numbered slots.

Any missing, unreturned, or damaged laptops must be reported immediately to AI Center reservation staff. Failure to return equipment may result in replacement costs and may affect eligibility for future AI Center reservations, in accordance with applicable library and institutional policies.

7. Events and Activities Not Permitted

To preserve access and maintain alignment with the Center's mission, the following

uses are not permitted:

- Standing or recurring meetings
- Fundraising activities
- Activities involving financial transactions
- Programs and courses without a clear AI or related focus

Requests outside the Center's mission may be denied.

8. Fees and Financial Responsibility

No reservation fees are charged.

Users are financially responsible for any damage, loss, or misuse of facilities or equipment resulting from their use of the AI Center. Liability insurance may be required for certain events.

9. Cancellations and No-Shows

To support fair scheduling and efficient use of the space, reservations must be canceled at least 48 hours in advance.

Repeated cancellations or no-shows may affect future eligibility.

The Library may modify or cancel reservations due to staffing limitations or unforeseen circumstances.

10. Capacity and Room Setup

Room capacity follows Fire Marshal and ADA guidelines.

Standard layouts are provided. Alternative layouts require prior FDO approval. Furniture and equipment must be restored after use. Fixed systems may not be moved without staff authorization.

Exit pathways and accessibility features must remain unobstructed.

11. Staffing and On-Site Support

The AI Center is staffed jointly by SJPL and SJSU Library personnel.

~~The Center does not operate without staff support. All programs require on-site~~

~~The center does not operate without staff support. All programs require on-site~~
support. Access may be limited if staffing is unavailable.

12. Technology, Networks, and Security

Authentication

To operate AI Center laptops, users must log in using their SJSU Tower Card or SJPL library card number and associated password.

To use WiFi, users must log in with credentials provided by AI Center staff or the reservation coordinator.

Network Infrastructure

The AI Center operates on a dedicated, isolated, high-speed network protected by enterprise security systems and managed by Library and University IT staff.

Network configurations may be adjusted to maintain performance and security.

Data Storage and File Management

AI Center systems do not provide permanent local storage and are regularly reset.

Users are responsible for saving and backing up work. External drives are permitted. Cloud storage may be used optionally.

The Library is not responsible for data loss.

13. Audio-Visual Equipment and Technical Support

The AI Center is equipped with presentation systems and four large display screens for approved programs and events.

AV equipment is not available during walk-in use.

Setup and testing must be scheduled in advance. Unauthorized modification is prohibited.

On-site staff provide basic technical assistance during staffed hours.

14. AI Center Laptop Use (In-Room Only)

Laptops are available to eligible users during both staffed walk-in hours and approved event reservations.

Use requires user sign-in and AI Center staff authorization. Devices must remain within the AI Center at all times.

For individual use, sessions are limited to three (3) hours unless extended by staff based on availability and demand.

During reserved events, laptops are distributed and managed in coordination with the event coordinator and AI Center reservation staff.

Staff may require early return of equipment to support scheduled programs, operational needs, or equitable access.

System modifications are not permitted.

User Agreement

Use of AI Center laptops constitutes agreement to the [AI Center Laptop Use Agreement](#), including requirements related to permitted use, compliance with laws and policies, equipment care, data responsibility, network security, and acceptable conduct.

Users are responsible for proper handling of equipment, safeguarding their data, and complying with all applicable SJSU, SJPL, and City of San José policies. Failure to comply may result in termination of access, financial responsibility for damage or loss, and restriction of future use.

15. Equipment Use and Data Management

Users must:

- Handle equipment responsibly
- Report issues promptly
- Avoid unauthorized software or settings changes
- Save work regularly
- Log out before ending sessions
- Avoid storing sensitive information
- Maintain direct supervision of borrowed equipment **OR** keep equipment within sight at all times

Sign in at all times

Failure to follow guidelines may result in limited access. Staff may secure equipment or end sessions if necessary.

16. Acceptable Use and Conduct

All users must comply with University and Library policies.

Disruptive, unsafe, or harmful behavior is not permitted.

Users are expected to follow posted signage and staff instructions.

Access may be limited to ensure equitable use.

17. Wi-Fi and Connectivity

AI Center laptops connect automatically to the Center's network.

Personal devices may request access through staff. General Library Wi-Fi remains available.

Network access is intended for approved academic, research, and educational use and may be limited if it interferes with system performance or security.

18. Recording and Audio

Recording, livestreaming, and photography require advance approval.

Videography services are not provided. Audio must remain appropriate for a library environment.

Unauthorized recording is not permitted.

19. Food, Deliveries, and Vendors

Food and unsealed beverages are not allowed during walk-in hours.

Food service may be approved for programs/events and requires advance approval. Open flames and heating devices are prohibited. Users are responsible for cleanup.

Deliveries may be approved for programs/events and require advance notice.

Requesters must be present to receive items. Staff cannot store deliveries.

requestors must be present to receive items. Staff cannot store deliveries.

20. Event Promotion and Non-Endorsement

Events must clearly state when they are not Library-sponsored.

Use of the AI Center does not imply endorsement.

All promotional materials require approval. Directional signage is limited to approved locations.

21. Accessibility and Accommodations

The Library is committed to providing accessible services.

Requests for accommodations should be submitted in advance whenever possible.

22. System Availability and Modifications

Access to services, equipment, and facilities is not guaranteed and may be limited or suspended at any time.

Scheduled maintenance, updates, and unexpected outages may occur.

The Library reserves the right to modify these guidelines, schedules, and procedures as needed to support operations, safety, and service quality.

23. Safety and Enforcement

Library and campus security are provided during operating hours. Private security is not permitted.

Staff may enforce policies and terminate use when necessary to maintain safety and service quality.

Concerns regarding enforcement should be directed to Library administration through established channels.
